ALWAYS SOMETHING
500
ALWAYS MORE.

True legends don't grow old; they change. Just like 500, the icon of Italian design and lifestyle, which has been reinventing itself for more than 60 years while remaining faithful to its original spirit. Hip and cool ever since it first took to the road, today the 500 has a bolder and more captivating personality, greeting the world with two new fabulous trims: an irresistibly cheeky charm guaranteed to turn heads.

When it comes to the 500, it's not just the details that make the difference.

DETAILS MAKE PERFECTION.

On the exterior, look no further than the rear light clusters in matching body colour and the chrome inserts, while inside, the dashboard, the steering wheel, the buttons and all the materials, are trendier than ever: every last detail of the 500 is designed to enhance the car's originality while at the same time bestowing an even more sophisticated status to the model.

ALL EYES ON ME.

That's what the 500 seems to want to say with its new front - now even cheekier with the new ribbing, the enhanced whiskers and the front bumper surrounding the three-dimensional grille - not to mention the daytime running lights, reminiscent of the zero in the logo, that become a veritable signature feature, impossible to mistake with any others.

THE NEW STAR

Class, glamour, elegance and charm. With its exclusive style, all roads will be your catwalk. Fiat presents a new star: you.

Main contents:

- new exclusive colour Powder Pink with chrome details
- Uconnect™ 7" Radio CarPlay integration and Android Auto™ compatibility.
- 16" alloy wheels
- 7" TFT digital display
- Foglights.

THE NEW ROCKSTAR

Bold from the top to the tyres, magnetic in every detail. A new version ready to capture the attention with a seductive attitude never seen before.

Main contents:

- new exclusive colour Portofino Green with satin chrome details
- Uconnect™ 7" Radio CarPlay integration and Android Auto™ compatibility.
- 16" alloy wheels
- 7" TFT digital display
- Foglights.

POP

The version that is welcomed into the world of the 500. Pop is the car with a "casual" style, ideally suited to every day life.

Main contents:

• 7 airbags • LED daytime running lights • 14" steel rims • Height-adjustable steering wheel • Uconnect™ Radio with USB and steering wheel mounted audio controls.

A FAN OF INNOVATION

The Uconnect™ 7" touchscreen with "tablet effect" and HD display, the cutting edge of infotainment: a wide range of functions, with hands-free system, Bluetooth® technology, and voice recognition. In addition, together with FM/AM radio, the driver can connect the multimedia devices via USB or even stream music via Bluetooth® from a compatible smartphone, giving you many musical options. Moreover, the new Uconnect™ 7" system is now also available with Apple CarPlay, the smarter, safer way to use your iPhone in the car. Now, you can make calls, play your music, send and receive messages, get directions optimized for traffic conditions and much more, while staying focused on the road. Android Auto™ gives you useful information organised on simple screens which only appear when necessary. The function offers access to Google Maps, with voice-guided navigation, real time traffic information and lane guidance and Google Play Music and many other music services. You can make and receive calls and send messages while keeping your hands on the wheel and your eyes on the road.

Is available in two different configurations:
Uconnect™ that includes radio tuner, steering wheel controls, Bluetooth® and hands-free functionality.

uconnect

UCONNECT™ 7" HD

The Uconnect™ 7" system is equipped with a 7" high-resolution touch screen display with "smart gesture" functionality to have control at your fingertips.

Stay connected with the new Uconnect™ Link:
Apple CarPlay Integration & Android Auto™ compatibility.

UCONNECT™ 5" RADIO

Adds a large 5" touchscreen, digital radio tuner in addition to steering wheel controls and hands-free Bluetooth® function.

To enjoy Apple CarPlay® connect your iPhone to the specific USB port in your car.

To enjoy Android Auto™ connect your compatible smartphone to the specific USB port in your car.
To use Android Auto™ on your phone screen, you'll need an Android phone running 5.0 (Lollipop) or higher and the Android Auto app.

* Apple CarPlay is a trademark of Apple Inc. Use of the Apple CarPlay logo means that a vehicle user interface meets Apple performance standards. Apple is not responsible for the operation of this vehicle or its compliance with safety and regulatory standards. Please note that the use of this product with iPhone, iPod, or iPad may affect wireless performance.

INNOVATIVE TECHNOLOGIES BY
MAGNETI MARELLI

Only with Fiat 500, at any time, you can finally have
EVERYTHING UNDER CONTROL.

TPMS

REAR PARK ASSIST

Fiat 500 offers you the chance, on request, to have an Instrument panel with 7" TFT digital display developed by Magneti Marelli. An Instrument with information helpful for your driving, always in real time. It is all perfectly integrated with Uconnect™ Radio and Uconnect™ 7" display, which lets you consult information on the Media functions, by telephone and connectivity, using the same screen. Depending on the version of your Fiat 500, the TFT display is available with two different basic graphics and it also changes appearance with the driving mode set: Normal, Sport or Eco. Even the Rear Park Assist display will be customised according to your 500 model, while you can control the tyre pressure with the TPMS function whenever you like.

- Fuel consumption (L/100 km)
 - Combined cycle 4.0 Petrol
- CO₂ emissions (g/km): 90/88*

500 IS INSPIRED BY FASHION.

Is it fashion that inspires 500? It's not an easy question to answer, above all when you climb aboard the 500 where fabrics and materials seem to come straight from the world's most celebrated fashion weeks and the details can be combined for endless solutions, catering to all tastes.

Fiat recommends original lubricants

The specification (B) indicates the value of CO₂ and fuel consumption determined on the basis of the measurement/correlation method referring to the NEDC cycle as per Regulation (EU) 2017/1152-1153. The CO₂ and fuel consumption values obtained according to applicable regulation are indicated in order to allow the comparison of vehicle data. The homologation values of CO₂ and fuel consumption may not reflect the actual values of CO₂ and fuel consumption, which depend on many factors related, by way of example but not limitation, to the driving style, the route, the weather and road conditions, the condition, use and equipment of the vehicle.

The indicated value of CO₂ and fuel consumption refers to the versions of the vehicle with the highest and the lowest values. These values may change with the subsequent configuration depending on equipment selected and/or size of tires selected. The indicated values of CO₂ and fuel consumption are not definitive and may evolve as a result of changes in the production cycle; more up-to-date values will be available at the selected official dealer of the FCA network. In any case, the official values of CO₂ and fuel consumption of the vehicle purchased by the customer will be provided with the documents accompanying the vehicle. In cases where the values of CO₂ and fuel consumption are relevant for the purposes of calculating taxes and duties related to the vehicle, reference should be made to the applicable laws in each country.
